"A Bridge Too Far" is the classic text on the history of Operation Market Garden. It is more detailed and less of a narrative history than Cornelius Ryan's other famous book "The Longest Day" but is still extremely readable. As a fan of the movie I was surprised at how well the film version relates the story told in the book.

The classic account of one of the most dramatic battles of World War II. A Bridge Too Far is Cornelius Ryan's masterly chronicle of the Battle of Arnhem, which marshalled the greatest armada of troop-carrying aircraft ever assembled and cost the Allies nearly twice as many casualties as D-Day. In this compelling work of history, Ryan narrates the Allied effort to end the war in Europe in 1944 by dropping the combined airborne forces of the American and British armies behind German lines to capture the crucial bridge across the Rhine at Arnhem. Focusing on a vast cast of characters—from Dutch civilians to British and American strategists to common soldiers and commanders—Ryan brings to life one of the most daring and ill-fated operations of the war. A Bridge Too Far superbly recreates the terror and suspense, the heroism and tragedy of this epic operation, which ended in bitter defeat for the Allies.

Contains two titles by journalist Cornelius Ryan.

The classic account of the final offensive against Hitler's Third Reich -- newly in print for the 50th anniversary of VE Day. The Battle for Berlin was the culminating struggle of World War II in the European theater, the last offensive against Hitler's Third Reich, which devastated one of Europe's historic capitals and brought the Nazi Leviathan to its downfall. It was also one of the war's bloodiest and most pivotal moments, whose outcome would play a part in determining the complexion of international politics for decades to come. The Last Battle is the compelling account of this final battle, a story of brutal extremes, of stunning military triumph alongside the stark conditions that the civilians of Berlin experienced in the face of the Allied assault. As always, Ryan delves beneath the military and political forces that were dictating events to explore the more immediate questions of survival, where, as the author describes it, "to eat had become more important than to love, to burrow more dignified than to fight, to exist more militarily correct than to win." The Last Battle is the story of ordinary people, both soldiers and civilians, caught up in the despair, frustration, and terror of defeat. It is history at its best, a masterful illumination of the effects of war on the lives of individuals, and one of the enduring works on World War II.

A respected military historian and the author of Grunts chronicles the American involvement in Operation Market-Garden in 1944, one of World War II's most ambitious, but crucial invasions against Nazi Germany, 25,000 first printing.

On 17 September 1944, General Kurt Student, the founder of Nazi Germany's parachute forces, heard the growing roar of aero engines. He went out on to his balcony above the flat landscape of southern Holland to watch the vast air armada of Dakotas and gliders, carrying the British 1st Airborne and the American 101st and 82nd Airborne Divisions. He gazed up in envy at the greatest demonstration of paratroop power ever seen. Operation Market Garden, the plan to end the war by capturing the bridges leading to the Lower Rhine and beyond, was a bold concept: the Americans thought it unusually bold for Field Marshal Montgomery. But the cost of failure was horrendous, above all for the Dutch who risked everything to help. German reprisals were cruel and lasted until the end of the war.

In October 1943, all the Special Operations Executive (SOE) agents in Holland are captured by the Germans. . . except one. John Hewson, a.k.a. "Boekman," is the most dangerous agent to the German occupiers, with vital information about the German army. Boekman escapes the clutches of the S.S. and stays hidden until the start of the largest airborne operation in World War II: Operation Market Garden. When the SOE learn that Boekman is still alive, and that his estranged son, Harry, is on the ground fighting in Market Garden, Harry is tasked with organizing a small commando unit to rescue Boekman and try to escape through the German siege. The Battle of Arnhem unfolds day by day as father and son search for each other amidst the chaos of war and the dogged pursuits of a cruel Gestapo agent.

Shortly before the inevitable Allied assault on Fortress Europe in 1944, Field-Marshal Erwin Rommel remarked to an aide The first 24 hours of the invasion will be decisive... For the Allies, as well as for Germany, it will be the longest day.

Cornelius Ryan's account of 6th June 1944, takes the reader from the planning of the world's greatest ever amphibious landing up to its implementation. In interviews with survivors, this text captures the horror and the glory of D-Day.

'Market Garden' was one of the most audacious, and ultimately controversial, operations of the Second World War. If it had succeeded, the war could have been ended in 1944. Instead of being relieved after 48 hours as expected, British paratroopers were cut off for nine days as the 2nd Army's spearhead, XXX Corps, were slowed by German shelling. Facing two unexpected SS Panzer divisions the Allied paratroops were eventually evacuated across the Rhine after putting up an incredible fight: of the 10,000 men involved fewer than 2,000 returned.
