The final work from the Pulitzer Prize-winning writer, actor, and musician, drawn from his transformative last days In searing, beautiful prose, Sam Shepard's extraordinary narrative leaps off the page with its immediacy and power. It tells in a brilliant braid of voices the story of an unnamed narrator who traces, before our rapt eyes, his memories of work, adventure, and travel as he undergoes medical tests and treatments for a condition that is rendering him more and more dependent on the loved ones who are caring for him. The narrator's memories and preoccupations often echo those of our current moment--for here

are stories of immigration and community, inclusion and exclusion, suspicion and trust. But at the book's core, and his, is family--his relationships with those he loved, and with the natural world around him. Vivid, haunting, and deeply moving, *Spy of the First Person* takes us from the sculpted gardens of a renowned clinic in Arizona to the blue waters surrounding Alcatraz, from a New Mexico border town to a condemned building on New York City's Avenue C. It is an unflinching expression of the vulnerabilities that make us human--and an unbound celebration of family and life.

Shepard has also appeared in more than fifty films, beginning with Terrence Malick's Days of Heaven, and was nominated for an Academy Award for his performance in The Right Stuff. Two Prospectors gathers nearly forty years of correspondence and transcribed conversations between Shepard and Dark. In these gripping, sometimes gut-wrenching letters, the men open themselves to each other with amazing honesty. Shepard's letters give us the deepest look we may ever get into his personal philosophy and creative process, while in Dark's letters we discover insights into Shepard's character that only an intimate friend could provide. The writers also reflect on the books and authors that stimulate their thinking, their relationships with

Illustrated with Dark's candid, revealing photographs of Shepard and their mutual family across many years, as well as facsimiles of numerous letters, *Two Prospectors* is a compelling portrait of a complex friendship that has anchored both lives for decades, a friendship also poignantly captured in Treva Wurmfeld's film, *Shepard & Dark*.

This searing, extraordinarily evocative narrative opens with a man in his house at dawn, surrounded by aspens, coyotes cackling in the distance as he quietly navigates the distance between present and past. More and more, memory is overtaking him- in his mind he sees himself in a movie-set trailer, his young face staring back at him in a mirror surrounded by light bulbs. In his dreams and in visions he sees his late father-sometimes in miniature, sometimes flying planes, sometimes at war. By turns, he sees the bygone America of his childhood- the farmland and the feedlots, the railyards and the diners-and, most hauntingly, his father's young girlfriend, with whom he

also became involved, setting into motion a tragedy that has stayed with him. His complex interiority is filtered through views of mountains and deserts as he drives across the country, propelled by jazz, Benzedrine, rock and roll, and a restlessness born out of exile. The rhythms of theater, the language of poetry, and a flinty humor combine in this stunning meditation on the nature of experience, at once celebratory, surreal, poignant, and unforgettable.
