# Online Library Fundamentals

The authors aim to present corporate finance as the working of a small number of integrated and powerful intuitions, rather than a collection of unrelated topics. They develop the central concepts of modern finance: arbitrage, net present value, efficient markets, agency theory, options, and the trade-off

continuously adapting to deliver precisely what they need, when they need it, and how they need it, so that your class time is more engaging and effective.

Fundamentals of  
Corporate Finance was  
designed and developed  
for a first course in

# Online Library Fundamentals

business or corporate finance, for both finance majors and non-majors alike. The text is nearly self-contained in terms of background or prerequisites, assuming some familiarity with basic algebra and accounting concepts, while still reviewing important accounting principles very early on. The organization of this

# Online Library Fundamentals

text has been developed to give instructors the flexibility they need.

The best-selling text has three basic themes that are the central focus of the book: 1) An emphasis on intuition: the authors separate and explain the principles at work on a common sense, intuitive level before launching into any specifics. 2) A

# Online Library Fundamentals

unified valuation approach: net present value (NPV) is treated as the basic concept underlying corporate finance. 3) A managerial focus: the authors emphasize the role of the financial manager as a decision maker, and they stress the need for managerial input and judgment.

# Online Library Fundamentals

Brealey, Fundamentals of Corporate Finance 10e is an introduction to corporate finance that focuses on how companies invest in real assets, how they raise the money to pay for the investments, and how those assets ultimately affect the value of the firm. The new edition provides a broad overview of the

# Online Library Fundamentals

financial landscape. It also gives students a framework for systematically thinking about most of the important financial problems that both firms and individuals are likely to confront.

The sixth edition of  
Fundamentals of

*Page 45/51*

# Online Library Fundamentals

## Corporate Finance

continues its tradition of excellence ensuring the focus remains on key principles. To accommodate courses which include coverage across a wider range of topics, the authors provide additional chapters about Leasing, Mergers and Acquisitions online.

Fundamentals of

# Online Library Fundamentals

## Corporate Finance

strives to present the material in a way that makes it coherent and easy to understand.

Finance Prep Courses allow students to view a video to refresh topics, and then answer questions to test their understanding. This product gives lecturers more time in class to cover finance topics,

# Online Library Fundamentals

and ensures that students do not get left behind. In addition to providing students with relevant, realistic problem-solving tools, Fundamentals of Corporate Finance has the benefit of the most current and relevant research in finance.
