This set reprints volumes 1, 2 and 3 of James Bowen's A History of Western Education originally published by Methuen in the 1970s. Volume One: The Ancient World: Orient and Mediterranean 2000B.C - A.D. 1054 The volume traces the development of education in the ancient world from the first scribal cultures of Mesopotamia and Egypt to learning in the early Christian church. A detailed account is given of the achievements of Greece in literacy, learning, philosophy and training for public life - achievements which were further developed in the Hellenistic Orient and incorporated by the Romans into their own highly organized educational system. This leads to the emergence of a specifically Christian ideal of education, the decline of secular learning in the West, and the preservation of learning both in Byzantium and in Western monasticism. Volume Two: Civilization of Europe: Sixth to Sixteenth Century Volume Two follows the growth and process of learning in Europe from its foundations in the Carolingian era through its evolution in medieval Europe - especially Italy, France, Germany and England - to its expansion and refinement in the sixteenth century. Particular attention is paid to: \* The role of medieval institutions of the cathedral and grammar schools and the university \* The contribution of notable scholars of the age such as Abelard, Thomas Aquinas, Erasmus and Luther Volume Three: The Modern West: Europe and the New World The final volume covers the period of educational dissent, which became conspicuous in the early seventeenth century and reached crisis proportions in the late twentieth, when the dominant ideologies of progress and equality, generated at the beginning of the nineteenth century, were questioned for the first time on a widespread, popular scale.

of Germany's deepest humiliation, when Napoleon has dismembered the old German Empire and French soldiers occupied almost the whole of Germany. The book narrates how Hitler was arrested with several of his comrades and imprisoned in the fortress of Landsberg on the river Lech. During this period only the author wrote the first volume of MEIN KAMPF. The Second volume of MEIN KAMPF was written after release of Hitler from prison and it was published after the French had left the Ruhr, the tramp of the invading armies still echoed in German ears and the terrible ravages had plunged the country into a state of social and economic Chaos. The beauty of the book is, MEIN KAMPF is an historical document which bears the imprint of its own time. Moreover, Hitler has declared that his acts and 'public statements' constitute a partial revision of his book and are to be taken as such. Also, the author has translated Hitler's ideal, the Volkischer Staat, as the People's State. The author has tried his best making German Vocabulary easy to understand. You will never be satisfied until you go through the whole book. A must read book, which is one of the most widely circulated and read books worldwide.

During World War II a community called Manzanar was hastily created in the high mountain desert country of California, east of the Sierras. Its purpose was to house thousands of Japanese American internees. One of the first families to arrive was the Wakatsukis, who were ordered to leave their fishing business in Long Beach and take with them only the belongings they could carry. For Jeanne Wakatsuki, a seven-year-old child, Manzanar became a way of life in which she struggled and adapted, observed and grew. For her father it was essentially the end of his life. At age thirty-seven, Jeanne Wakatsuki Houston recalls life at Manzanar through the eyes of the child she was. She tells of her fear, confusion, and bewilderment as well as the dignity and great resourcefulness of people in oppressive and demeaning circumstances. Written with her husband, Jeanne delivers a powerful first-person account that reveals her search for the meaning of Manzanar. Farewell to Manzanar has become a staple of curriculum in schools and on campuses across the country. Last year the San Francisco Chronicle named it one of the twentieth century's 100 best nonfiction books from west of the Rockies. First published in 1973, this new edition of the classic memoir of a devastating Japanese American experience includes an inspiring afterword by the authors.
