This Jacob's Ladder got its name from a man in the Bible named Jacob. He had a dream about a ladder that reached up to heaven. Jacob started on a long journey to a town called Haran. (Demonstrate how to fold over the paper and have children do the same.)

A boy wakes up in the middle of a field. He cannot remember how he came to be there or even who he truly is. All he knows for certain is his name, Jacob. This is the story of a journey through fear towards hope, a choice between a past you cannot remember and a future you cannot predict.

Lauded by the "Virginia Quarterly" as "the best Civil War novel ever written, " "Jacob's Ladder" resonates with all the bitter glory and deep human shame of America's greatest war.

One of Russia's most renowned literary figures and a Man Booker International Prize nominee, Ludmila Ulitskaya presents what may be her final novel. Jacob's Ladder is a family saga spanning a century of recent Russian history—and represents the summation of the author's career, devoted to sharing the absurd and tragic tales of twentieth-century life in her nation. Jumping between the diaries and letters of Jacob Ossetsky in Kiev in the early 1900s and the experiences of his granddaughter Nora in the theatrical world of Moscow in the 1970s and beyond, Jacob's Ladder guides the reader through some of the most turbulent times in the history of Russia and Ukraine, and draws suggestive parallels between historical events of the early twentieth century and those of more recent memory. Spanning the seeming promise of the prerevolutionary years, to the dark Stalinist era, to the corruption and confusion of the present day, Jacob's Ladder is a pageant of romance, betrayal, and memory. With a scale worthy of Tolstoy, it asks how much control any of us have over our lives—and how much is in fact determined by history, by chance, or indeed by the genes passed down by the generations that have preceded us into the world.

An accessible discussion of what can be understood through human genome sequencing describes how the interactions of genes direct the growth of individuals, revealing what gene research will enable in the future. 20,000 first printing.

(Applause Books). From the hit movie directed by Adrian Lyne, this is the original script with over 100 photos. From Rubin's introduction: The script presented here is not my initial screenplay but the final draft completed just before shooting. While close to the original, some significant scenes have been changed or cut. You will find them in the final chapter.

There are ten important questions everyone should ask; and the answers to these questions, which lead to ultimate truth, are a matter of reason, not of faith. Well-known Catholic philosopher and writer Peter Kreeft tackles each of these questions in a logical step-by-step way, like climbing the rungs of a ladder. Because questions are best answered by dialogue, Kreeft

answers these fundamental questions in an imaginary conversation between two very different people who meet at the beach. Kreeft's characters begin at the beginning, at the bottom of the ladder, which is the passion for truth. When it comes to the most important questions a person can ask, no mere interest in philosophical dabbling will do. The passion for truth does not stop there, however, but carries the reader from one page to the next in this thought-provoking adventure of the mind. Among the topics, or steps, that Kreeft's characters delve into include: Do you have the passion to know? Does truth exist? What is the meaning of life? What is love, and why is it so important for our lives? If there is a God, what proof is there for his existence? Has God revealed himself to us in a personal way? And many other important questions and topics to help climb the ladder to the truth about life

As the lead songwriter for Jacob's Ladder, the last thing Gabe Renard needs is a debilitating case of writer's block. After years of meaningless one night stands, he's finding it hard to pen the love-filled ballads the label is requesting. In an effort to clear his mind, Gabe takes his jeep off-roading in the North Georgia Mountains. When a wrong-turn leads to him getting stuck more than just creatively, he's forced to call for help. To his surprise, the "Ray" who has been sent by Hart Wreckers to his aid is actually "Rae"-a sexy-as-hell spitfire in a pair of tight-as-hell jeans. The combination of Rae's sassy mouth and rocking body might be the inspiration Gabe needs. But for the first time since becoming a rock star, his advances have been shot down. Reagan Hart has never been a fan of musicians. In fact, just the mention of one might cause her to throw a tire tool. Her disgust for them started when she was just eight and her mother ran off with a traveling country singer, and it only worsened when at seventeen, her rocker boyfriend knocked her up before blowing out of town. As a single mother taking care of her family's collision business, Rae doesn't have time for hook ups, much less a relationship. And if she did make time, a musician would be last on her list, even one as good-looking as Gabe Renard. Can Gabe find the words to prove not only to Rae, but himself, that she's the only one for him?

Jewish by birth, though from a secular family, Alan Morinis explored Hinduism and Buddhism as a young man. But in 1997, in the face of personal crisis, he turned to his Jewish heritage for guidance. In his reading he happened upon a Jewish spiritual tradition called Mussar. Gradually he realized that he had stumbled upon an insightful discipline for self-development, complete with meditative, contemplative, and other well-developed transformative practices designed to penetrate the deepest roots of the inner life. Eventually reaching the limits of what he could learn on his own, he decided to seek out a Mussar teacher. This was not an easy task, since almost the entire world of the Mussar tradition had been wiped out in the Holocaust. In time, he found an accomplished master who stood in an unbroken line of transmission of the Mussar tradition, and who lived in the center of a community of Orthodox Jews on Long Island. This book tells the story of Morinis's journey to meet his teacher and what he learned from him, revealing the central teachings and practices that are the spiritual treasury and legacy of Mussar.

Jacob Rees-Mogg is one of the most prominent and controversial figures in contemporary British politics. He is a man who divides opinion in his own party, in Parliament and across the country. An arch-Brexiteer with significant business interests and a large personal fortune, he has long been a vocal critic of the European Union and of Prime Minister Theresa May's attempts to negotiate a Brexit deal. As chairman of the powerful anti-EU organisation the European Research Group, he has also been a thorn in the side of those seeking to dilute Brexit. While many people mock him for his impeccable manners and traditional attitudes - he has been dubbed 'the Honourable Member for the eighteenth century' - an equally great number applaud him for his apparent conviction politics. Undoubtedly, Rees-Mogg stands out among the current crop of MPs and his growing influence cannot be ignored. In this wide-ranging unauthorised biography of the Conservative Member of Parliament for North East Somerset, Michael Ashcroft, bestselling author of *Call Me Dave: The Unauthorised Biography of David Cameron*, turns his attention to one of the most intriguing politicians of our time.

John Climacus (c. 579-649) was abbot of the monastery of Catherine on Mount Sinai. His Ladder was the most widely used handbook of the ascetical life in the ancient Greek Church.
