This Vulcan 900 Custom Special Edition not only looks good, it also performs and handles better than I ever expected. The tall, thin front wheel handles corners exceptionally well, the engine is quiet, powerful with loads of torque with a quiet, yet deep and authoritative exhaust note that is music to the ears.

There are millions of new motorcyclists hitting the blacktop every year. But being part of the American motorcycle culture takes more than just wanting to be cool. It takes a passion for the open road, freedom, and a lifestyle that even the best financing can't buy. This book, by someone who knows motorcycles as few do, provides a road map to biker culture for anyone new to the experience. Jay Barbieri explains everything a new rider needs to know to become a real biker. He begins with a brief history of motorcycles, and draws on his twenty-five years of riding experience for examples of what works and doesn't in this heady world. Most of all, he aims to spare new bikers the bad decisions neophytes typically make. With hundreds of motorcycle trips under his belt, there is not a mistake Barbieri hasn't made or a situation he hasn't encountered. By sharing the sometimes comical outcomes, he gives the new biker a head start to become more comfortable, credible, and knowledgeable about joining a community that is as much a part of American culture as baseball, hotdogs and apple pie.

SUNDAY TIMES BESTSELLER Some people are born to be a certain thing. And I was a born fighter. At the age of eight, Michael Bisping began his training in martial arts. By the time he was 15, he was fighting in his first no holds barred competition. When he turned professional and joined the UFC he was sure about one thing: only a world championship title would do. A British underdog in the greatest fighting championship on earth, he spent the next decade winning some of the championship's most sensational contests to achieve his dream, becoming the first ever British UFC world champion in 2016. From his boyhood years learning to fight in the gyms of Lancashire to his most shocking clashes in the cage, in *Quitters Never Win* Bisping tells the raw and unfiltered story behind his legendary career for the first time, including his greatest wins, his fiercest rivals and the harrowing injury that forced him into retirement. As audacious, entertaining and as candid as the man himself, it's a backstage pass to one of the world's most extreme sports and an unbridled account of what it really takes to become a champion, from sleeping in his own car to reaching the summit of the world's fastest

growing sport.
