Shields' new novel, Larry's Party (Viking Press), takes place over a 20-year period, from 1979 to 1997, and stars a man who is Larry by name and Larry by nature. Shields suggests that for every Larry Holmes and Larry Olivier, there are thousands of anonymous men who live under the shade of this most unassuming of names.

Larry's Party is a novel that won Shields the Orange Prize. I'm impressed at her tackling an in-depth, from-the-inside look at the life of an average North American man. I feel she only stumbled by falling into a feminine sensibility in a couple of lines, so overall, I'm still giving this book 5 stars.

Larry's Party is no exception, with each chapter exploring an aspect of Larry's life - his relationship with his son, his clothes, his parents and even his name. Each chapter could be read on its own merits and out of context as Shields allows the story to repeat itself, double back and then take a new turn.

Larry's Party by Carol Shields. Winner of the Orange Prize for Fiction in 1998. [Larry's Party] is the third book I have read by Carol Shields. I read [Unless] a couple of years ago but didn't love it, didn't review it and now can't really remember anything about it. However, I really enjoyed The Stone Diaries back in 2013 and [Larry's Party] is very similar in many ways - both novels are fictional biographies of [ordinary] people who live quiet yet complex lives.

In the course of fifteen carefully observed chapters, Carol Shields examines the maze-like Life of Larry. Each chapter is like a short film in which Shields refocuses her lens on a specific aspect of Larry's life: "Larry's Words," "Larry's Love," "Larry's Kid," etc.

The Stone Diaries marked a new phase in a literary career already ablaze with achievement. As well as the many international awards it received, including the Pulitzer Prize, the National Book Critics Circle Award and the Governor General's Award, the book also met with universal critical acclaim and topped bestseller lists around the world. "Carol Shields," raved Maclean's, "has crafted a small miracle of a novel." "The Stone Diaries," said the New York Times Book Review, "reminds us again why literature matters." The San Diego Tribune called The Stone Diaries "a universal study of what makes women tick." Now, in Larry's Party, Carol Shields does the same for men. Larry Weller, born in 1950, is an ordinary guy made extraordinary by his creator's perception, irony and tenderness. Larry's Party gives us, as it were, a CAT scan of his life, in episodes between 1977 and 1997 that flash backward and forward seamlessly. As Larry journeys toward the new millennium, adapting to society's changing expectations of men, Shields' elegant prose transforms the trivial into the momentous. We follow this young floral designer through two marriages and divorces, his interactions with parents, friends and a son. And throughout, we witness his deepening passion for garden mazes -- so like life, with their teasing treachery and promise of reward. Among all the paradoxes and accidents of his existence, Larry moves through the spontaneity of the seventies, the blind enchantment of the eighties and the lean, mean nineties, completing at last his quiet, stubborn search for self. Larry's odyssey mirrors the male condition at the end of our century with targeted wit, unerring poignancy and faultless wisdom.

The Orange Prize-winning novel of Larry Weller, a man who discovers the passion of his life in the ordered riotousness of Hampton Court's Maze.

[Unless you're lucky, unless you're healthy, unless you're loved and fed, unless you're offered what others are offered, you go down in the darkness, down to despair.] Reta Winters has many reasons to be happy: Her three almost grown daughters. Her twenty-year relationship with their father. Her work translating the larger-than-life French intellectual and feminist Danielle Westerman. Her modest success with a novel of her own, and the clamour of her American publisher for a sequel. Then in the spring of her forty-fourth year, all the quiet satisfactions of her well-lived life disappear in a moment: her eldest daughter Norah suddenly runs from the family and ends up mute and begging on a Toronto street corner, with a hand-lettered sign reading GOODNESS around her neck. GOODNESS. With the inconceivable loss of her daughter like a lump in her throat, Reta tackles the mystery of this message. What in this world has broken Norah, and what could bring her back to the provisional safety of home? Reta's wit is the weapon she most often brandishes as she kicks against the pricks that have brought her daughter down: Carol Shields brings us Reta's voice in all its poignancy, outrage and droll humour. Piercing and sad, astute and evocative, full of tenderness and laughter, Unless will stand with The Stone Diaries in the canon of Carol Shields's fiction.

In Dressing Up for the Carnival, Carol Shields distills her characteristic wisdom, elegance, and insouciant humor in twenty-two luminous stories. A wealth of surprises and contrasts, this collection ranges from the lyricism of "Weather," in which a couple's life is thrown into chaos when the National Association of Meteorologists goes on strike, to the swampy sexuality of "Eros," in which a room in a Parisian hotel on the verge of ruin is the catalyst for passion, to the brave confidence of "A Scar"--new for this collection--which chronicles the realities of a fledging author's book tour. Playful, graceful, acutely observed, and generous of spirit, these stories will delight her devoted fans and win her new converts as well.

Award-winning Canadian writer Carol Shields has garnered praise from scholars and an international audience of readers. Inspired by the quality and scope of Shields's work, Carol Shields, Narrative Hunger, and the Possibilities of Fiction addresses her creative exploration of postmodernism. As the first thorough examination of the Pulitzer Prize-winning author, this collection of essays establishes the groundwork for future studies of her oeuvre. The collection begins with a significant new essay from Shields herself, 'Narrative Hunger and the Overflowing Cupboard,' perhaps her most substantial commentary upon her own aims as a writer. In addition, scholars from Canada, England, the United States, and Australia explore the complexity of Shields's work and her contributions to the genre of the novel. These lively essays reflect Shields's verve and her playful approach to today's sophisticated critical thinking. Among the topics are Shields's use of biography and autobiography, metafiction, popular romance, and symbolism. While the essays foreground the unreliability of language, and hence our inability to know one another or even ourselves, the contributors argue that Shields has taken a step beyond postmodernism by suggesting that we can transcend the limitations of its epistemology. Containing several essays on Swann and The Stone Diaries, Shields's most popular works, and the most extensive annotated bibliography available of works by and about Shields, this collection will appeal widely to scholars, students, and readers of Carol Shields and Canadian fiction.

Carol Shields's award-winning and critically acclaimed "literary mystery," first published in 1987. Swann is the story of four individuals who become entwined in the life of Mary Swann, a rural Canadian poet whose authentic and unique voice is discovered only hours before her husband hacks her to pieces. Who is Mary Swann? And how could she have produced these works of genius in almost complete isolation? Mysteriously, all traces of Swann's existence - her notebook, the first draft of her work, even her photograph - gradually vanish as the characters in this engrossing novel become caught up in their own concepts of who Mary Swann was.

The Pulitzer Prize-winning author of The Stone Diaries gives us a love story for the ages: the tale of two polar opposites on a rocky road to romance Hell's a thrice-divorced late-night talk-show host. She's an unmarried folklorist obsessed with mermaids. He lives for the present. She lives in the past. Both are leery of commitment. Neither has ever known lasting love. But when Tom Avery and Fay McLeod meet, it's love-or at least lust!at first sight. And then fate starts to throw them curveballs. Shifting between Tom and Fay's stories-from their complicated histories through their present-day angst!The Republic of Love features delightful secondary characters in the lovers' friends and families, including Fay's seemingly happily married parents and her beloved godmother, Onion. As Tom and Fay forge bravely ahead into a romantic minefield, they make startling discoveries about each other and themselves. With her trademark wit and irony, and a deep compassion for her hero and heroine, Carol Shields gives us a celebration of love in all its guises.

With the profound maturity and exquisite eye for detail that never failed to capture readers of her prize-winning novels, Carol Shields dazzles with these remarkable stories. Generous, delightful, and acutely observed, this essential collection illuminates the miracles that grace our lives; it will continue to enchant for years to come.

The story of a woman dancing on the edge of a difficult life Ever since her husband left her-seemingly vanishing into thin air!Charleen Forrest has supported herself and her fifteen-year-old son on what she earns as an obscure poet and part-time gofer for an even more obscure scientific journal. But when her estranged mother remarries, prompting an unplanned reunion, Charleen finds herself moving out of her familiar existence. A dazzling counterpoint to Shields's debut novel, Small Ceremonies, imbued with her scathing wit and dead-on observations, The Box Garden is an unforgettable portrait of a woman who finds transformation!and happiness!where she least expects it.
