Por que o Brasil ainda não deu certo? Quando chegou ao exílio no Uruguai, em abril de 1964, Darcy Ribeiro queria responder a essa pergunta na forma de um livro-painel sobre a formação do povo brasileiro e sobre as configurações que ele foi tomando ao longo dos séculos. A resposta veio com este que é o seu livro mais ambicioso, fruto de trinta anos de estudo - uma tentativa de tornar compreensível, por meio de uma explanação histórico-antropológica, como os brasileiros se vieram fazendo a si mesmos para serem o que hoje somos. Uma nova Roma, lavada em sangue negro e sangue índio, destinada a criar uma esplêndida civilização, mestiça e tropical.

This is the first English-language translation of the culmination of the life work of Darcy Ribeiro, one of Brazil's leading twentieth-century intellectuals, known internationally both for his work in Indian affairs and for his political activism. First published as *O Povo Brasileiro* in 1995, two years before Ribeiro's death, it quickly became a controversial best-seller. Offering a sweeping overview of the ethnic, racial, and social forces that shape Brazilian culture and society, the book presents no less than an aesthetic of the Brazilian people as a whole. While Ribeiro dwells on the paradox of Brazil as a country of immense potential hindered by racial and class prejudice, he also says it is "the most beautiful and luminous province on earth". Elegantly translated by the acclaimed Gregory Rabassa, this work does justice to Ribeiro's original Portuguese text, with all its idiosyncrasies, intrinsic poetry, epic hyperbole, and departures from contemporary U.S. norms of political correctness. It will be of immense significance to all those interested in Latin American culture, anthropology, sociology, and history as well as in the theory of culture.

This volume examines Brazilian films released between 1995 and 2010, with special attention to issues of race, ethnicity and national identity. Focusing on the idea of the nation as an 'imagined community', the author discuss the various ways in which dominant ideas about *brasilidade* (Brazilian national consciousness) are dramatised, supported or attacked in contemporary fiction and documentary films.

How does Christ meet, engage, change, challenge, dialogue, interact with, and bridge cultures? What is the role of the gospel in transforming ethics and culture? These daunting questions guide the present investigation about Evangelical Christianity in Brazil, the largest Catholic country in the world. This book critiques the quantitative and qualitative growth of Evangelical Christianity in Brazil and presents tools for studying the global south and other cultures. Indeed, sociocultural factors play a significant role in the translation of the gospel and may work as bridges and/or barriers within the cultural and religious milieu of the largest country in Latin American. Particularly, four traits impacts the preaching of the Christian message in Brazil, namely: cordiality, religiosity, the Brazilian way of coping, and collectivism. Through oral history methodology, and literature review, this book evaluates how biblically sound translation happens through the Brazilian Baptist Convention as suggested by key leadership writings, practices, and memoirs. This work features an overview of the history of Brazilian Christianity, including its Animistic background, African-Brazilian religious influences, the present

Pentecostal majority, and the challenge of Neopentecostalism, in an era of music, TV, and social media.

Christianity is turning brown and moving south. The Christianity the West has known is in recession and has all but dwindled out of recognition in the opening years of the twenty-first century. Well over half of the world's Christians now live in the Global South—Africa, Asia, and Latin America. They are, according to Aberdeen missiologist Andrew Walls, the new Representative Christians. What they think about Christianity will matter more and more and what North America thinks about Christianity will matter less and less. This massive shift in geography and theological point of departure will have a major impact on Christian preaching now and into the future. *The Future Shape of Christian Proclamation* seeks to begin the conversation about how preaching in the Global South will inform the whole of Christian preaching in the coming years.
