This book has been specifically written for the new two-tier Edexcel linear GCSE specification for first examination in 2008. The book is targeted at the B to A* grade range in the Foundation tier GCSE, and it comprises units organised clearly into homeworks designed to support the use of the Higher Plus Students' Book in the same series. Each unit offers: * A review test focusing on prior topics for continual reinforcement * Two sets of questions that relate directly to individual lessons in the unit, providing ample practice * A synoptic homework that covers the whole unit, so students consolidate the key techniques * Full answers in the accompanying teacher book It forms part of a suite of four homework books at GCSE, in which the other three books cater for grade ranges G to E, E to C and D to B.

Our brand-new resources are written specifically to tackle the demands of the GCSE (9-1) Maths.

Edexcel GCSE Maths, Higher Student Book has been created by experts to help deliver exam success in Edexcel's new Maths GCSE. Written for Higher tier students, the book focusses on developing students' fluency in key mathematical skills and problem solving using carefully chosen examples and extensive practice.

Devised for the new Edexcel specification A from 2010, this unique levelled approach allocates just one of four highly-focused books to each student for the whole course, making learning simpler, more focused, and therefore more successful. The Foundation Plus student book focuses on grades C-E. (Answers in the back of the book).
