PRINCE (Projects in Controlled Environments), a structured method for effective project management, was introduced as the standard for all government information system projects in 1989. Prince2 was launched in 1996 to provide project management guidance for all types of projects, and it has become a de facto standard used extensively by the UK government as well as widely recognised throughout the private sector both in the UK and internationally. This reference manual contains detailed guidance on good practice to ensure projects are managed effectively to achieve business benefits within budget, within time and to the required quality, and which offers a flexible approach to suit all projects.

All the information ever needed to extract dyestuffs from common trees, flowers, lichens, and weeds to create beautifully dyed materials. The heart of the book is 52 recipes for dyes made from natural, easily obtained dyestuffs.

“Kemal Kayankaya is the ultimate outsider among hard-boiled private eyes.” —Marilyn Stasio, The New York Times Book Review OVER 1 MILLION COPIES SOLD WORLDWIDE To rescue a kidnapped prostitute, Kemal Kayankaya must face some of Germany’s most depraved and dangerous criminals. Fortunately, some of them are his friends... Love is never easy—especially when your girlfriend is an illegal Thai prostitute who has been kidnapped (again) by a gang of sex traffickers. Fortunately for the hapless fiancé, wisecracking gumshoe Kemal Kayankaya is on the case. The son of a Turkish garbage collector, he knows a thing or two about living in the ethnic fringes of the ugliest German city of them all: Frankfurt. Kayankaya plunges into the city’s underbelly, where the police don’t care if you live or die, and the powerful view an illegal alien as just another paycheck. One Man, One Murder populates its pages with unforgettable characters, whip-smart dialogue, and a connoisseur’s collection of grim details. But it is Arjouni’s dead-on description of contemporary Europe’s racial politics, vacuous nationalism, and so- cial injustice that make his novels rise above the rest.

Colour Psychology Today reveals new colour psychology information that comes from the author's pioneering research and studies on colour. The book discloses unique knowledge on how colour psychology impacts on the business world and the individual, borne out of the author's extensive work as a colour consultant and trainer that spans more than thirty years. Colour Psychology Today is unlike any other colour psychology book available. It is a 'must have' for colour enthusiasts, branding experts, marketeers, advertising execs, graphic designers, and anyone who would like to expand and develop the application of colour in their field of work.
