This comprehensive guide to the history of literary criticism from antiquity to the present day provides an authoritative overview of the major movements, figures, and texts of literary criticism, as well as surveying their cultural, historical, and philosophical contexts. Supplies the cultural, historical and philosophical background to the literary criticism of each era Enables students to see the development of literary criticism in context Organised chronologically, from classical literary criticism through to deconstruction Considers a wide range of thinkers and events from the French Revolution to Freud's views on civilization Can be used alongside any anthology of literary criticism or as a coherent stand-alone introduction

The Republic,Plato,Classics,prabhat books,low price books,prabhat books on kindle

In this collection of essays, Bromberger explores the centrality of questions and predicaments they create in scientific research. He discusses the nature of explanation, theory, and the foundations of linguistics.

While industries such as music, newspapers, film and publishing have seen radical changes in their business models and practices as a direct result of new technologies, higher education has so far resisted the wholesale changes we have seen elsewhere. However, a gradual and fundamental shift in the practice of academics is taking place. Every aspect of scholarly practice is seeing changes effected by the adoption and possibilities of new technologies. This book will explore these changes, their implications for higher education, the possibilities for new forms of scholarly practice and what lessons can be drawn from other sectors.

David Crystal's classic English as a Global Language considers the history, present status and future of the English language, focusing on its role as the leading international language. English has been deemed the most 'successful' language ever, with 1500 million speakers internationally, presenting a difficult task to those who wish to investigate it in its entirety. However, Crystal explores the subject in a measured but engaging way, always backing up observations with facts and figures. Written in a detailed and fascinating manner, this is a book written by an expert both for specialists in the subject and for general readers interested in the English language.

The Death of Ivan Ilyich was first published in 1886. It is a novella by Leo Tolstoy. It is one of Tolstoy's most celebrated pieces of late fiction. This work stems in part from Tolstoy's anguished intellectual and spiritual struggles which led to his conversion to Christianity. Central to the story is an examination on the nature of both life and death, and how man can come to terms with death's very inevitability. The novella was acclaimed by Vladimir Nabokov and Mahatma Gandhi as the greatest in the whol
