Exposes the agenda behind the bio-robotic grey aliens ' genetic manipulation of certain human races • Reveals the Grey ' s nature as sophisticated self-aware machines created by a long vanished extraterrestrial civilization • Explains how their quest to capture human souls appears in the historical record from biblical times • Explains how the phenomenon of racism is a by-product of their genetic tampering In 1997 Nigel Kerner first introduced the notion of aliens known as Greys coming to Earth, explaining that Greys are sophisticated biological robots created by an extraterrestrial civilization they have long since outlived. In this new book Kerner reveals that the Greys are seeking to master death by obtaining something humans possess that they do not: souls. Through the manipulation of human DNA, these aliens hope to create their own souls and, thereby, escape the entropic grip of the material universe in favor of the timeless realm of spirit. Kerner explains that genetic manipulation by the Greys has occurred since biblical times and has led to numerous negative qualities that plague humanity, such as violence, greed, and maliciousness. Racism, he contends, was developed by the aliens to prevent their genetic experiments from being compromised by breeding with others outside their influence. Examining historical records, Kerner shows that Jesus, who represented an uncorrupted genetic line, warned his disciples about the threat posed by these alien interlopers, while Hitler, a pure product of this alien intelligence, waged genocide in an attempt to rid Earth of all those untouched by this genetic tampering. Despite the powerful grip the Greys have on humanity, Kerner says that all hope is not lost. Greys exist wholly in the material world, so if we follow the spiritual laws of reincarnation and karma, aiming for enlightenment and rising above the material--a state the Greys are unable to reach--we can free ourselves from their grasp.

Throughout his young life, Evan Ellis has been sporadically bothered by and involved with spirits or beings from the spiritual realm, as well as having traveled there himself and to other strange dimensions while both awake and asleep. Up until the opening of our tale, he has wondered about it all, of course, feeling mostly like the innocent victim he has been. However, as the culmination of his most recent spiritual misadventure, trying to rescue his father's soul from demons bent on taking it to their master, our eighteen-year-old hero is left unconscious at the scene of this battle along with the blood and many parts of the bodies the demon's had been using . Evan wakes up in an institution then, but one unlike he has ever known before, having been the guest of county mental health more than once in the past, understandably so. While there he learns that now he is actually the guest of a governmental program, nascent phase, being developed to study the spiritual realm and our possible abilities to interact with the reportedly very powerful beings living there. But now can Evan and his soul mate the program has set him up with survive the return of the powers and principalities of darkness who have been tormenting and using him all these years. Man-made walls couldn't keep them from our hero of course, but Evan has learned a lot while in the program. Will it be enough to successfully escape Satan's legions with

his earthly companion and their bun in the oven, a supposed super Cambion the program had hoped to develop? Read and find out. Find out about it all.

How consciousness and quantum energies affect your genetic expression and the development of disease and chronic health conditions • Draws on cellular medicine, genetics, quantum physics, and consciousness studies to define the real underlying mechanisms of disease and how they can be addressed • Explains how consciousness influences quantum DNA to erase the genetic imprint of illness, allowing your body to remember how to function efficiently and effectively • Shares the author's discoveries that enabled her to successfully heal the cellular dysfunction at the root cause of her cancer, tumors, chronic inflammation, and toxicity • Explores consciousness tools to re-encode DNA and includes detailed scripts for techniques that readers can apply to their own healing journeys Drawing on new advancements in quantum physics, cellular medicine, genetics, and consciousness studies, as well as her own journey of self-healing from a number of challenging health conditions, Althea S. Hawk reveals how you can consciously influence your DNA and re-encode it to improve your health and alter your genetic destiny. Sharing the discoveries that enabled her to successfully heal from her cancer, tumors, toxicity, and inflammatory-related conditions, the author explains how genes are not solely responsible for creating disease. She shows how human physiology interacts with the quantum energies of our external and personal environments and how the resulting information triggers the development and persistence of disease and chronic conditions. We each inherit susceptibilities, but it is our unique experience of these environmental factors, as well as our beliefs, thoughts, and emotions, that alter the way our genes are expressed. Detailing how our DNA is both quantum-energetic and biological-chemical, Hawk explains how your environment and your consciousness influence your quantum DNA, which in turn interacts with your biological DNA. By working directly with energetic information that affects how your quantum and biological DNA communicate, you can alter the expression of your genes by re-encoding the gene sequences on your physical DNA, erasing the imprint of illness and enabling your body to remember how to function properly. Hawk explores consciousness tools and mind-body techniques to re-encode your DNA, such as sound and breathing work, DNA marker removal, recalibration of Akashic information, and cellular communication exercises that readers can apply to their own healing journeys.

- Investigates the roles, energies, and essence of 12 Ascended Masters and how each of them holds a strand of our spiritual DNA • Traces the reincarnations of Ascended Masters Mother Mary and St. Germain through history, depicting the positive and shadow aspects of their archetypal energies • Offers charts that allow you to find out which Ascended Master you relate to and thus discover your own direct connection to the Divine After examining the lives of thousands of individuals across five thousand years, Carmel Niland saw patterns in behavior, character traits, and life purpose that allowed her to connect each individual to specific Ascended Masters. Guided by renowned mystics, she realized that, just as we carry physical DNA that shapes us across generations, we also carry an energetic code or spiritual DNA that links us back to the very source of our origins--a divine ancestry linking us directly back to God. Drawing on recorded history as well as thoroughly researched and verified channeled history, Niland explains that we all hold the God essence in us as archetypal energies. These energies are represented by 12 Ascended Masters who hold the 12 strands of our spiritual DNA. Each lifetime is chosen by us depending on what we need to learn. Thus, every person on this earth, no matter how ordinary or extraordinary, is an aspect of one of these Ascended Masters. The author explores the role, energies, and essence of the 12 Ascended Masters who hold our spiritual DNA by examining various personalities in history that have been instrumental in shaping the world we live in. Focusing on the masters Mother Mary and St. Germain, she depicts their archetypal energies in positive as well as shadow aspects of their incarnations and reveals how they stand at the beginning of the ancestral line to God. Niland offers charts to help you trace your own spiritual DNA through the reincarnations of the Ascended Masters and thus discover your own direct connection to the Divine. She also reveals the role of some of history's most important figures as reincarnations of the Ascended Masters, among them Queen Nefertiti, Buddha's mother Maya, Homer, Julius Caesar, Lao Tse, Merlin, Cleopatra, and Dante. Revolutionizing the Western view of reincarnation, this book allows you to understand your spiritual and genetic connection to God and to realize that we are all one large family divinely connected across gender, race, and time.

In 1995, Vianna Stibal, a mother of three young children, was diagnosed with a cancer that was quickly destroying her right femur. Everything she had tried using conventional and alternative medicine had failed, until she employed a simple technique that she used in her work as an intuitive reader. Amazed that she had cured herself instantaneously, Vianna started to use this technique in her sessions with clients and saw person after person miraculously heal. ThetaHealing is essentially applied quantum physics. Using a theta brain wave, which until now was believed to be accessible only in deep sleep or yogi-level meditation, the practitioner is able to connect with the energy of All That Is - the energy in everything - to identify issues with and witness healings on the physical body, and to identify and change limiting beliefs. Discover: the belief and feeling work that can instantly change the thinking within you that creates illness; the 7 Planes of Existence, a concept that allows you to connect to the highest level of love and energy of All That Is; how to develop the ability to change on all levels: physically, mentally, emotionally and spiritually, using the Creator of All That Is.

A practical guide to shamanic ancestor work, inspired by Huna and supported by guided rituals and exercises • Explains how to heal traumatic experiences and old blockages that are stored in the memory of your lineage • Includes Hawaiian teachings about spiritual and genetic ancestors and reveals how to bond with your spirit family, your Aumakua • Shows how unlocking the support of your ancestors enables you to shine your light fully Knowing your ancestral lineage is not only a matter of curiosity, your life path will unfold with much more ease if you are aware and in harmony with your origins. Exploring the heritage of your bloodline as well as the energy of your spiritual family, which we are often less aware of, opens you up to enormous potential for healing and self-development. This practical guide explains, in a clear and straightforward way, how the energy field of our ancestors influences our personal lives and how we can draw from their strength as well as liberate ourselves from burdens that have been carried over generations. It helps us to lift the veil of forgetting and allow ourselves to fully shine our light, supported by the souls that came before us, by making peace with past hurts and traumas. Drawing on the Huna Hawaiian shamanic tradition as well as other shamanic and energetic practices, the authors show how to connect with our Aumakua, our ancestors and higher self, which includes our close relatives, ancestors stretching back thousands of years, and our spiritual ancestors or karmic family. The authors offer practices to reconcile with our parents and spiritual family, uncover suppressed matters and family secrets, clear and charge our personal energy field and our family energy field, and awaken the potential of our bloodline. They explain how to perform an ancestor healing circle, carry out an ancestor release ritual, and offer blessings for children and grandchildren as well as providing meditative journeys to meet our ancestors, our spiritual family, and our spiritual roots in other realms. They also provide short case studies to illustrate how the rituals and exercises have worked for other people. By enacting ancestral healing, we can recognize who we are, where we come from, and truly fulfill our destiny in this life.
