I live with a pack of misfit shifters. Freaks. Rogues. Oddballs. Prey. Runts. Deformed. We're all welcome in Pack Aberrant. We aren't going to be winning any popularity contests, but our hodgepodge bunch is more loyal than even the strongest pred packs. I should know. I grew up in one of them. As soon

Until my heatwave hits, and I accidentally jump three coyote shifters in a parking lot. Whoopsie. Once they realize what my animal is, they're gonna kick me to the curb just like every other pred shifter has. And my old pack? They come back to haunt me. I'm unwanted by the three hotties, threatened by my old pack, and to top it all off, I have to find a new job because I attacked a bank robber. Accidentally. Being a misfit really sucks sometimes. Author's Note: Addie's story is book one in the Pack of Misfits series. Every book will be a standalone for that character, but a continuation of the Pack Aberrant story. Tsabari ' s indelible characters grapple with love, violence, faith, the slipperiness of identity, and the challenges of balancing old traditions with modern times. These eleven spellbinding stories often focus on Israel ' s Mizrahi Jews, featuring mothers and children, soldiers and bohemians, lovers and best friends, all searching for their place in the world. In “ Tikkun, ” a man crosses paths with his free-spirited ex-girlfriend—now a married Orthodox Jew—and minutes later barely escapes tragedy. In “ Brit Milah, ” a mother travels from Israel to visit her daughter in Canada and is stunned by her grandson ' s upbringing. outside Tel Aviv and has her first experience with unrequited love in “ Say It Again, Say Something Else. ” And in the moving title story, two estranged sisters—one whose marriage is ending, the other whose relationship is just beginning—try to recapture the close bond they had as kids. Absorbing, tender, and sharply observed, *The Best Place on Earth* infuses moments of sorrow with small moments of grace: a boy composes poetry in a bomb shelter, an old photo helps a girl make sense of her mother ’ s rootless past. Tsabari ’ s voice is gentle yet wise, illuminating the burdens of history, the strength of the heart, and our universal desire to belong. And yet, despite the range of viewpoints and the different facets of Israeli society explored, this is a collection that always stays intensely personal, the broader forces of history moving not merely across nations but within the souls of her beautifully conceived characters. ” —Phil Klay, National Book Award–winning author of Redeployment “ With incredible compassion and a delicate touch, Ayelet Tsabari explores the heartbreak inherent in forming bonds, whether with another person or with a whole country. Times Book Review, front page For millennia, lions, tigers, and their man-eating kin have kept our dark, scary forests dark and scary, and their predatory majesty has been the stuff of folklore. But by the year 2150 big predators may only exist on the other side of glass barriers and chain-link fences. Their gradual disappearance is changing the very nature of our existence. We no longer occupy an intermediate position on the food chain; instead we survey it invulnerably from above—so far above that we are in danger of forgetting that we even belong to an ecosystem. Casting his expert eye over the rapidly diminishing areas of wilderness where predators still reign, the award-winning author of *The Song of the Dodo* examines the fate of lions in India's Gir forest, of saltwater crocodiles in northern
