The Pillars of the World is first in a trilogy set in a medieval world involving witches and the Fae. The Inquisitors are killing witches, mainly because the main bad guy has mommy issues. The Fae have realized their special world is slowly disappearing and believe the witches have something to do with it.

~~Amazon.co.uk:Customer reviews: The Pillars of the World ...~~

The first novel in New York Times bestselling author Anne Bishop's Tir Alainn Trilogy. The youngest in a long line of witches, Ari senses that things are changing—changing for the worse. For generations, her kin have tended the Old Places, keeping the land safe and fertile. But with the Summer Moon, the mood of her neighbors has soured.

~~The Pillars of the World (Tir Alainn Trilogy #1) by Anne ...~~

I read Anne Bishop's "Pillars of the World, the first book in the "Tir Alainn Trilogy," with great expectation. After all, I had read her "Black Jewels Trilogy" and loved every minute I spent with these three novels. I find that "Pillars of the World" is very simplistic and not at all as complex, creative and enjoyable as her "Black Jewels" series.

Woodspring House in Fakenham celebrates a different country every month to entertain its residents and staff. This month they celebrated Germany ' s famous Oktoberfest. Hosted by Amy Reynolds ...

Ari, the youngest in a line of witches who tend the Old Places, becomes the target of suspicion and persecution from her neighbors, just as the harmony between the spiritual and the natural begins to break down and the roads between mortals and the Fae begin to disappear.

Global Logistics Network Modelling and Policy provides guidelines on quality policy, covering investments, management and planning for port and hinterland infrastructure, roads, railways and inland waterway ports. The book first describes the authors ' concept and formulation models, followed by a description and analysis of the applied data. As shipping companies fiercely compete in an effort to achieve greater efficiency and impact infrastructure policy and plan for the entire supply chain, they need tactics that drive quality transportation policy and new ways to model and simulate worldwide cargo movements, all while estimating demand and capacity of systems. This book provides quantitative tools for modeling, analysis, and simulation of worldwide, inter-modal cargo movement – helping forecast the impacts of logistics and related policies in each region of the world. It covers useful applications for every region of the world, allowing policymakers to tailor results for their own specific uses. Delivers sophisticated quantitative tools for modeling simulations, providing powerful analysis of global intermodal cargo movements Features examples of tools applied to logistical policy situations in every region of the world Serves as a bridge between theory and practice in the field of freight transportation research Provides detailed, data-supported case studies and real-world examples for transportation modelers, planners and policymakers

This fully revised and updated third edition carries a holistic approach to the new and emerging realities of Indian as well as the global business environment. It incorporates the new challenges emanating from Covid-19 outbreak and also other enablers shaping up the business environment. This new edition brings forth a contemporary and pragmatic appeal to the learners. The text provides an incisive insight into the subject via simple, elegant and explicit presentation that

amalgamates theory logically and rigorously with the practical aspects. The Fae and the humans are forming an alliance to stop the Master Inquisitor, who is determined to rid the world of female power and destroy any opposition, which forces them to seek help from the witches of the House of Gaian.

New York Times bestselling author Anne Bishop weaves a dazzling tale of romance, high adventure, and thrilling fantasy in the second novel in the Tir Alainn Trilogy... Ever since the slaughter of the witches, the Fae—who should be shielding their long-lost cousins from danger—have ignored the needs of the rest of the world. And shadows are again gathering in the eastern villages—dark, potent shadows that threaten the lives of every witch, woman, and Fae. Only three Fae can stand against the growing madness and help prevent more bloodshed—the Bard, the Muse, and the Gatherer of Souls. Aiden, the Bard, knows how desperately the world depends upon the Fae ' s protection. But the Fae refuse to heed his warnings about the wickedness lurking amid the trees. Now Aiden and his one true love—Lyrra, the Muse—must embark on a perilous journey to find the one Fae who can convince the rest to leave their secure perches to save the witches and mortals. Because if the Fae don ' t act soon, no one will survive...

The chieftains of Sevenwaters have long been custodians of a vast and mysterious forest?and a new heir has been born. But the family?s joy turns to despair when the baby is taken, and something unnatural is left in his place. To reclaim her newborn brother, Clodagh must enter the shadowy Otherworld and confront the powerful prince who rules there?

In this New York Times bestselling powerful and exciting fantasy set in the world of the Others series, humans and the shape-shifting Others will see whether they can live side by side...without destroying one another. There are ghost towns in the world—places where the humans were annihilated in retaliation for the slaughter of the shape-shifting Others. One of those places is Bennett, a town at the northern end of the Elder Hills—a town surrounded by the wild country. Now efforts are being made to resettle Bennett as a community where humans and Others live and work together. A young female police officer has been hired as the deputy to a Wolfgard sheriff. A deadly type of Other wants to run a human-style saloon. And a couple with four foster children—one of whom is a blood prophet—hope to find acceptance. But as they reopen the stores and the professional offices and start to make lives for themselves, the town of Bennett attracts the attention of other humans looking for profit. And the arrival of the outlaw Blackstone Clan will either unite Others and humans...or bury them all.

In this thrilling and suspenseful fantasy set in the world of the New York Times bestselling Others series, an inn owner and her shape-shifting lodger find themselves enmeshed in danger and dark secrets. Human laws do not apply in the territory controlled by the Others--vampires, shape-shifters, and even deadlier paranormal beings. And this is a fact that humans should never, ever forget... After her divorce, Vicki DeVine took over a rustic resort near Lake Silence, in a human town that is not human controlled. Towns such as Vicki's don't have any distance from the Others, the dominant predators who rule most of the land and all of the water throughout the world. And when a place has no boundaries, you never really know what is out there watching you. Vicki was hoping to find a new career and a new life. But when her lodger, Aggie Crowe--one of the shape-shifting Others--discovers a murdered man, Vicki finds trouble instead. The detectives want to pin the death on her, despite the evidence that nothing human could have killed the victim. As Vicki and her friends search for answers, ancient forces are roused by the disturbance in their domain. They have rules that must not be broken--and all the destructive powers of nature at their command.
