Translations of Goethe ' s poems about Arabia and Persia and his essays on Islamic culture.

This English verse translation of Goethe's West-Eastern Divan aims to give English-readers a fair indication of the themes, quality and flavour of Goethe's major cycle of lyric poetry. As far as possible it remains faithful to Goethe's metrical and rhyming patterns. The Divan's wealth of earnest depth and passion is conveyed with an often casual simplicity of vocabulary and expression. It moves through changing moods from which wit and grace and good humour are never long absent when the mind is, as in these poems, at play and in command. Goethe described this complexity as >. The English translation seeks to keep to the poetic tones in Goethe's seemingly effortless words.

In 1814, Johann Wolfgang von Goethe read the poems of the great fourteenth-century Persian poet Hafiz in a newly published translation by Joseph von Hammer-Purgstall. For Goethe, the book was a revelation. He felt a deep connection with Hafiz and Persian poetic traditions, and was immediately inspired to create his own West-Eastern Divan as a lyrical conversation between the poetry and history of his native Germany and that of Persia. The resulting collection engages with the idea of the other and unearths lyrical connections between cultures. The West-Eastern Divan is one of the world ' s great works of literature, an inspired masterpiece, and a poetic linking of European and Persian traditions. This new bilingual edition expertly presents the wit, intelligence, humor, and technical mastery of the poetry in Goethe ' s Divan. In order to preserve the work ' s original power, Eric Ormsby has created this translation in clear contemporary prose rather than in rhymed verse, which tends to obscure the works sharpness. This edition is also accompanied by explanatory notes of the verse in German and in English and a translation of Goethe ' s own commentary, the " Notes and Essays for a Better Understanding of the West-Eastern Divan. " This edition not only bring this classic collection to English-language readers, but also, at a time of renewed Western unease about the other, to open up the rich cultural world of Islam.

"The ageing Goethe finds new inspiration and youthfulness through the love of a young woman and the example of the great Persian poet Hafez.Johann Wolfgang von Goethe (1749-1832), a towering figure in German culture, was remarkably prolific in many literary genres. But much of his work is scarcely known in the English-speaking world. With this new translation, Robert Martin tries to remedy this situation with regard to one of Goethe's most adventurous volumes of verse, the West-Eastern Divan. Here Goethe playfully pretends to be a Middle-Eastern poet, but draws on themes vital to all of humanity - love, creativity, wisdom, richness of life."

A comprehensive account of Goethe's relationship to Arabian culture, mediated by his interest in certain poets and texts and by his highly nuanced attitude toward Islam.

In 1815, Goethe gave symbolic expression to his intense relationship with Marianne Willemer, a recently married woman thirty-five years his junior. He gave her a leaf from the ginkgo tree, explaining that, like its deeply cleft yet still whole leaf, he was "single yet twofold." Although it is not known if their relationship was ever consummated, they did exchange love poetry, and Goethe published several of Marianne's poems in his West-East Divan without crediting her authorship. In this beautiful little book, renowned Goethe scholar Siegfried Unseld considers what this episode means to our estimation of a writer many consider nearly godlike in stature. Unseld begins by exploring the botanical and medical lore of the ginkgo, including the use of its nut as an aphrodisiac and anti-aging serum. He then delves into Goethe's writings for the light they shed on his relationship with Marianne. Unseld reveals Goethe as a great yet human being, subject, as any other man, to the vagaries of passion.

Exceptionally fine poetry by Germany's greatest literary figure, from his earliest, "An den Schlaf" ("To Sleep"), written when he was 18, to his last great poem, "Verdächtnis" ("Legacy"), written when he was 80.
